Quick Setup Guide

TC2D

Notes, Cautions, and Warnings

NOTE: A NOTE indicates important information that helps you make better use of your computer.

CAUTION: A CAUTION indicates potential damage to hardware or loss of data if instructions are not followed.

WARNING: A WARNING indicates a potential for property damage, personal injury, or death.

Devon IT TC2D Thin Client Quick Setup Guide

Before Setting Up Your TC2D

NOTE: Place the thin client in its vertical orientation for best performance.

Your TC2D terminal is shipped with the following items:

- 1 Power Cord
- 2 Adapter
- 3 Terminal Stand (pre-installed)
- 4 Quick Setup Guide
- 5 Warranty and Support Information
- 6 End User License Agreement
- 7 Safety, Environmental, and Regulatory Information
- 8 DVI-I to DVI-D/VGA Splitter

NOTE: Inspect all parts visually for damage. If anything is damaged, please contact Devon IT immediately to report the issue.

Setup and Features Information

Front View

- 1 Power Button
- 3 Audio Line Out

- 2 Network Activity Indicator LED
- 4 Microphone
- 6 USB 2.0 Connectors (2)

5 Network Connector

6 USB 2.0 Connectors (2)

7 DVI Connector

8 PS/2 Connector

9 Power Connector

10 Security Cable Slot

Quick Setup

- 1 Connect the monitor to the DVI Connector on the back of the unit.

- 2 Connect the mouse and keyboard to the PS/2 or USB connectors, depending on what type you have.

- 3 Connect the network cable to the Network Connector on the unit and the other end of the cable to your local network.

- 4 Connect the power supply to the TC2D's power connector on the back of the unit.

- 5 Plug the power cord into a surge-protected AC outlet.

CAUTION: To prevent overheating, and thus voiding your warranty, do not place anything on or over the thin client.

- 6 Press the **Power** button to turn on the unit.

-  **WARNING:** Make all necessary connections before powering the unit on. Failure to do so may make the unit appear as if is not functioning properly. Do not shut the thin client down by removing the power cord. Loss of power can damage the unit.
-  **WARNING:** Excessive sound pressure from earphones and headphones can cause hearing loss. Adjust the equalizer to increase or decrease the earphones' and headphones' sound pressure levels.
-  **CAUTION:** It is important to not interrupt the power to the thin client while executing a firmware upgrade. Loss of power can result in a damaged operating system.

Specifications

NOTE: The following specifications are only those required by law to ship with your thin client. For a complete and current listing of the specifications for your thin client, go to devonit.com/support.
