

SafeBook® E5400X

Thin Client Notebook

Devon IT and Dell have combined the best in security and mobility with the best in durability and technology to make the transition from desktop PCs to server-based environments even easier. Built on the Dell Latitude platform, the SafeBook® E5400X is available with Windows® Embedded Standard and is compatible with Dell Latitude docking stations and accessories.

With low operating and maintenance costs, and reinforced security functions, the SafeBook® E5400X offers the latest in mobile thin client technology in a lightweight, mobile notebook.

Applications are accessed and run on the server, enabling the SafeBook® E5400X to plug-and-play into your network through its integrated Ethernet or wireless connectivity.

The SafeBook® E5400X is compatible with Dell Latitude docking stations and accessories.

▶ RDP, ICA, and VMware View capable	▶ Enabled for wireless access and 3G access with Intel® WiFi Link 5100
▶ Enhanced security makes laptop immune to standard PC viruses, spyware, etc.	▶ CPU: Intel® Celeron 585, 2.16GHZ
▶ Windows Embedded Operating System	▶ 1GB DDR2-800 RAM
▶ Displays virtual desktops	▶ Citrix HDX Ready

The SafeBook® E5400X is intended to run on a server-based computing architecture allowing access to applications and files securely located in a centralized datacenter. The unit is equipped with 1GB Ethernet connection, built-in wireless adaptor, and is compatible with 3G cards for maximum connectivity. The combination of a secure system, convenient maintenance, and easy operation contributes to a reduction of Total Cost of Ownership (TCO).

Processor

Intel® Celeron 585 2.16GHz

RAM

1GB DDR2 RAM module
(Optional Configurations Available)

Display

14.1" WXGA
1280x800 Resolution

Operating System

Windows Embedded Standard 2009 - ICA/RDP,
VMware View, IE7, Silverlight, .NET Framework 3.5

Protocols Supported

RDC 6.1 (Supports RDP 7)
ICA 11.1
VMware View 4 Certified
Citrix HDX Certified

Input/Output Support

Four USB 2.0 Interfaces
One PC Card Type I and II slots
SD/MMC Reader
1 RJ-45 connector
One mic-In
One VGA port for external monitor
One Audio Out
One display port connector
One 1394 Port
One S-Video Out

Terminal Dimensions

Width: 13.31" (338mm)
Depth: 9.61" (244mm)
Height: 1.46" (37mm)
Weight: 5.58lbs (2.54kg)

Power

Universal AC adapter (90 W):
Input: 100/240 V AC, 1.5A, 50/60 Hz
Output: 19.5 V dc, 3.34A

Additional Features

Dual Pointing Touchpad and Track Stick
Intel® WiFi Link 5100 802.11 A/G/N
