

A new Intel® Atom™ processor-based thin client with a smaller form factor. Available with Windows Embedded Standard (WES).

Devon IT TC5Xc

Powerful Intel® Atom™ Technology Inside

The TC5Xc is Devon IT's newest thin client built with the powerful, industry-leading Intel® Atom™ n270 processor and 945GSE/ICH7-M chipset. The small Intel® Atom™ processor is renowned for its graphics performance. Users benefit from the TC5Xc's powerful user experience, as it is capable of streaming video, rich media content, and multiple applications.

The TC5Xc thin client is available with Microsoft Windows Embedded Standard 2009. Devon IT's intuitive thin client management software, Devon IT Echo™, is also available with the purchase of the TC5Xc or any of our other thin client products.
